Hello Fellow Members,

Well, another gun show season is fast approaching and you are receiving this so you can get your table reservations in early. We have a couple of exciting shows to kick off the season.

First, we have a joint show in October with the B.G Knife show with over 50 tables of just knives and we will be advertising in print and on the radio. This should be a good show! The November show will be the Military Appreciation Show, we will have recruiters from the branches of the services and scheduled some vehicles for display. Remember our shows are always scheduled for the second full weekend of the month except for December (too close to Christmas). Check out our new website for dates and times of the shows and remember free parking for all.

If you have been keeping up with the court battles and regulations concerning 2 Amendment rights and ATF regulations it has been moving at heady pace. Consider subscribing to AmmoLand or The Reload to keep up with the current events. Consider joining one of the gun rights organizations such as 2nd Amendment Foundation, GOA, NRA or statewide Buckeye Firearms Association.

We look forward seeing you this season.

Paul Hoag

President MVGCA
